Nature’s beauty is art indoors.

Timeless Craftsmanship

Since the late 1700s, wood doors have been built with separate components designed to interlock together, known as “stile & rail construction.” Today, at Masonite we continue with this time-tested tradition in crafting our Wood Door Collection.

5 PANELITE FRENCH DOORS SHOWN IN HEMLOCK WITH WHITE SATIN GLASS
**Construction of stile & rail doors**

Masonite’s Wood Door Collection boasts a variety of high-grade wood species, precision handcrafted using vertical stiles and horizontal rails in your choice of panels and glass, ready to stain or paint.

**design flexibility**

Stile & rail construction offers virtually limitless door styles, configurations, panel and sticking profiles.

**environmentally friendly**

Masonite is committed to creating beautiful designs without sacrificing the environment, by using wood products from well-managed forests.

**hand-crafted engineering**

Stile & rail door construction has distinct joinery and better depth and definition. This results in crisp, clean lines that are architecturally correct. Each door is crafted by hand, ensuring a perfect fit.

**enhanced stability**

Because stile & rail doors are built with separate components, the door parts can naturally contract and expand with ambient humidity changes without warping or bending. This is a significant improvement over door manufacturing that involves routing out or stamping a solid piece of wood that is prone to warping.

Masonite’s Wood Door Collection uses engineered wood materials to enhance structural and environmental performance.

---

**stile & rail doors defined**

- **Stile**: vertical pieces of the door
- **Rail**: horizontal pieces of the door; includes top, bottom and sometimes lock rails
- **Panel**: pieces that fit within the surrounding stile & rail frame that come in different profile designs – single-hip, double-hip and flat
- **Mullion**: narrow vertical sections between panels
- **Muntin**: slim vertical pieces used to separate panes of glass, grille bar
- **Sticking**: the design of the profile edge on the stile and rail; ovolo is carved and rounded; shaker is straight and squared

---

**panel/sticking options**

- **Single-Hip Raised Panel**
- **Double-Hip Raised Panel**
- **Shaker Flat Panel**

Raised moulding available only on square-top primed MDF doors.
Finishing touches

Staining Power

Every wood door can be stained to create a rich custom finish. Hardwoods such as Cherry and Oak feature exquisite grain detail and convey a warm, inviting look in darker stains. The subtle grain detail of Maple in a light stain exudes a more contemporary look. Softwoods, such as pine, have more resins and color variations and are well-suited for casual interiors.

Wood Types & Species

The difference between soft and hardwoods is simple – softwood comes from trees with cones and hardwood comes from trees with leaves. Wood species vary in grain color and uniformity.

<table>
<thead>
<tr>
<th>Wood Types &amp; Species</th>
<th>Wood Species</th>
<th>Wood Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cherry</td>
<td>Hardwood</td>
<td>One of the richer, more elegant woods with a fine, uniform straight grain and texture. A popular choice for today’s home.</td>
</tr>
<tr>
<td>Clear Pine</td>
<td>Softwood</td>
<td>Natural characteristics include an indistinct grain, contrasting color and occasional sap specks, streaks and knots – ideal for a variety of interiors.</td>
</tr>
<tr>
<td>Hemlock</td>
<td>Softwood</td>
<td>A pale brown appearance with reddish hue – hemlock’s tight wood grain pattern is sure to enhance any décor and looks great in light to dark stains.</td>
</tr>
<tr>
<td>Knotty Alder</td>
<td>Hardwood</td>
<td>Prominent rustic markings with classic wood knots give knotty alder wood a timeless look that blends nicely in a variety of casual themed interiors.</td>
</tr>
<tr>
<td>Knotty Pine</td>
<td>Softwood</td>
<td>An old-time favorite – the rustic appearance of knotty pine and its imperfect characteristics make it a perfect choice for a country look.</td>
</tr>
<tr>
<td>Maple</td>
<td>Hardwood</td>
<td>Distinguished by its smooth, even and fine grain, maple’s light color and sleek look makes it increasingly popular in contemporary interiors.</td>
</tr>
<tr>
<td>Oak</td>
<td>Hardwood</td>
<td>Classic open-grain patterns and noticeable variations in oak’s hearty color provide natural warmth with rich texture that coordinates beautifully with any décor.</td>
</tr>
<tr>
<td>Poplar</td>
<td>Hardwood</td>
<td>A versatile member of the magnolia family, poplar’s fine texture and grayish sapwood color with greenish brown heart is frequently finished to look like other woods.</td>
</tr>
<tr>
<td>Radiata Pine</td>
<td>Softwood</td>
<td>A common-grade wood with light-brown to chestnut-brown hues that captures dark and light stains well, making it an excellent choice for modest designer budgets.</td>
</tr>
<tr>
<td>MDF</td>
<td>Paint Grade</td>
<td>Masonite doors made of smooth MDF composite panels, stiles and rails, come factory-primed and ready to paint.</td>
</tr>

A striking fusion of natural textiles & artisan design

Transform any room in your home with inviting textures and compelling interplay of light and shadow with our new line of natural fabrics captured in acrylic paneled doors. Three exquisite designs offered in your choice of wood present an excellent solution for casual spaces and private retreats.

These new natural décor panels are produced using hand-applied techniques. Fabric layout and coverage will vary slightly with each door panel due to the artisan nature of the manufacturing process. Natural materials may change color over time and may vary in size, shape, color and texture within a single panel.

Cashmere™: Underrated elegance of refined, slubbed-linen dresses this alluring panel. Intricately woven fabric is infused with silk, cotton and reeds resulting in a textural horizontal pattern to inspire any décor.

Jacquard™: Light dances through the tranquil lines of the sophisticated rawness of this linen style panel. Its exceptional appearance is tailor-made for any interior doorway in the home.

Tapas™: Appealing textile design is hand-made with an organic, raffia-like, open weave that captures natural and ambient light for a dramatic effect, making it an exceptional focal point for any room.

Cashmere  ™  Jacquard  ™  Tapas  ™

- **2 Lite - 1-3/8" and 80” only**

---

### Sliding Door Track System

**Visually impact smaller rooms with larger doors.** Sliding door hardware adds a unique style to interior door openings and creates custom living spaces when and where needed. A great solution to traditional pocket doors that require unobstructed wall space.

- **Available on all French and Wood Panel doors**
- **Tubular track made of aluminum in mill finish**
- **Accommodates 1-3/8” thick slabs**
- **Track lengths: 48”, 60”, 72”, and F5” and can be cut to fit smaller size openings**
- **Weight limit: 300 lbs**
- **Sliding door system includes 8-beam track and adjustable rollers (2 per door), brackets, track stops, door guides, tools for assembly of hardware (hex wrench, and adjustment wrench)**

---

### Glass Safety

#### Performance Warranty

Site & rail wood doors by Masonite come with a limited one-year warranty. For more details visit www.masonite.com.
At Masonite, employees from all parts of the Company – sales, marketing, research and development, customer service and manufacturing – understand that people love their homes. In the past, homes were purchased to meet functional needs. Today, homes are purchased to meet specific lifestyles and to satisfy the need to create multiple living environments within a single home. To meet these lifestyle needs, Masonite is continually creating new and innovative products that will make every home more beautiful, more valuable and more enjoyable. With the ultimate goal of adding beauty and value to every home, Masonite’s products are designed and constructed to exacting standards and specifications. All materials – wood, fiberglass, steel or composites – are engineered and carefully selected to ensure lasting durability and timeless performance. For individuals who are building, renovating or redecorating, Masonite products are certain to beautify and accentuate a wide array of architectural home styles.
